

Gavita CT 1930e LED

The revolutionary new Gavita CT 1930e is the first and only LED that is a direct replacement for HPS. With a footprint designed to fit seamlessly in existing HPS layouts, the CT 1930e is a highly energy efficient LED delivering serious growing power. It's designed to be the true 1:1 replacement for the fixture that helped revolutionize the industry nearly three decades ago, the Gavita Pro 1000e DE HPS. Compatibility with wiring and electrical requirements for most indoor growing environments means this compact toplight is able to dramatically limit the cost and downtime required to convert facilities of every size. The CT 1930e delivers more crop-loving light in a broader spectrum at up to 20% energy savings than Gavita 1000 W DE HPS fixtures (based on average wattage of each fixture).

Compatible with Gavita EL Master Controllers (sold separately) and most building automation systems. Patent-pending controller technology embedded within each fixture enables control of up to 2,000 fixtures per EL Master control channel and helps maintain unwavering output from light to light.

FEATURES

- The industry's first and only LED that is a 1:1 HPS replacement
- Impressive 1930 $\mu\text{mol/s}$ output for more crop-loving light at up to 20% energy savings vs. 1000 W DE HPS fixtures (based on average wattage of each fixture)
- Compact design fits right in HPS layouts, reducing the pain when replacing hundreds at a time
- Broad spectrum designed to deliver the cool blues, hot reds and balanced greens plants need for full-term growth
- Wide, even light distribution that matches HPS light throw while improving coverage for plants on the periphery
- The first indoor-specific compact toplight crafted to serve as a primary light source
- Patent-pending technology syncs as many as 2,000 fixtures per control channel (EL Master Controller required, sold separately) giving you centralized control with unwavering performance throughout your space
- Built-in surge suppression (6kV) to help protect the fixture in the case of a power surge
- Individual fixture thermal protection
- IP66 wet rating and UL 8800 compliant
- Cold forged aluminum heat sink for maximized passive cooling
- 5 year limited warranty
- Compatible with 0-10 volt building automation systems
- CSA certification
- Dim: 28.7 in x 11.8 in x 4 in
- Weight: 33.3 lb

PRODUCT SPECIFICATIONS

HGC906740 (INCLUDED IN THE BOX)

SKU NUMBER	DESCRIPTION
HGC906740	Gavita® CT 1930e LED
•	2x Metal Brackets
•	Wire Hanger

ACCESSORIES (sold separately)

SKU NUMBER	DESCRIPTION
HGC906120	Gavita® Master Controller EL1 - Gen 2*
HGC906121	Gavita® Master Controller EL2 - Gen 2*
HGC906147	Gavita® 8 ft Power Cord 120 Volt for LED
HGC906148	Gavita® 8 ft Power Cord 208-240 Volt for LED
HGC906458	Gavita® 8 ft Power Cord 277-400 Volt for Gavita LED

*See website for communication cable options

Hawthorne Grow Solutions

Hawthorne Gardening Company was purposefully built to serve growers with exclusive and distributed performance-based brands including Agrolux, Gavita, General Hydroponics, Grodan, Botanicare, Sun System, Can-Filter, Quest and many more. In addition, Hawthorne has unparalleled distribution capabilities across North America, bold R&D investments, and service solutions that go beyond product. Our goal is to enable growers to seize today's unprecedented opportunities and build the industry of tomorrow.

Tools & Support

Our team of experts are experienced in horticulture, lighting, environmental control and more, and offers services in every stage of the process – from planning to implementation and tracking to troubleshooting. We are invested in helping you succeed!

Hawthorne Controlled Environment Services

- HVAC / Dehumidification
- Airflow Management
- Design Services: Lighting, Benching, Irrigation

Hawthorne Horticulture Services

- Plant Nutrition Services
- Growing Media Services
- Analytical Services
